Texas A&M University-Texarkana nurtures tomorrow’s leaders with a high quality, rewarding and affordable educational experience. A&M-Texarkana is a comprehensive regional residential university, uniquely positioned to serve a four-state area, contributing to the region’s dynamic and diverse culture and resources.

As a member of The Texas A&M University System, one of the largest and most preeminent higher education systems in the nation, A&M-Texarkana provides a myriad of opportunities for learning and growth through 17 undergraduate and 10 graduate degree programs. Dedicated faculty and staff work closely with students, providing a personalized, supportive environment focused on student success.

Students enjoy a picturesque, newly expanded 375-acre campus that provides an exceptional setting for extracurricular learning, social activities, student groups, and community service — encouraging students to become well-rounded contributors to their communities.
