The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is a federal law that requires colleges and universities across the United States to disclose information about crime on and around their campuses. A requirement of this law is timely notification to the campus community of certain crimes in a manner that will aid in the prevention of similar crimes.

UPD was notified of a sexual assault allegation that occurred at the BLV. UPD is currently investigating and will further update as the investigation continues. At this time there is no threat to the campus community.

On-campus -
is defined as “any building or property owned or controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including student halls; and property within the same reasonably contiguous geographic area of the institution that is owned by the institution but controlled by another person, is used by students, and supports institutional purposes (such as a food or other retail vendor).”

CRIME PREVENTION TIPS

• Sexual Assault is NEVER the fault of the survivor.
• On college campuses, 90% of sexual assault survivors know their attacker.
• Sexual Assault can happen to anyone regardless of age, race, class, religion, occupation, sexual orientation, educational background, or physical description.
• Always seek verbal consent from your partner.
• A person can withdraw consent at any time.
• Sexual Assault Prevention is everyone’s responsibility. Create and promote safe environments. Intervene to stop concerning behavior. Promote and model healthy attitudes and relationships. Look out for one another.
