

Creating a New User Profile

If an instructor has added the student to a course and the student has received the automated notification e-mail containing a temporary password or if the student has used Turnitin previously and has an existing user profile, continue down to the Logging In section.

⚠ Warning: A class ID and enrollment password are required to enroll in a class on Turnitin. This information may only be provided by the instructor of the class. Turnitin cannot provide a class ID or enrollment password in any circumstances. If you do not have this information contact the class instructor.

Note: If step 6 indicates that the e-mail provided is already in Turnitin, there is an existing profile under the e-mail you entered. Please use the Resetting Your Password instructions, if the password has been forgotten, to gain access to the user profile if you had a previously existing Turnitin user profile, or use an alternate e-mail address for your Turnitin access.

Logging In

To begin using Turnitin, you must first log in. During login a cookie will be set on your web browser to allow Turnitin to authorize your access during use of the site. Please ensure that the web browser program you are using will allow this cookie to be set. Please refer to the help or support information for your web browser for more information on allowing cookies from our site, www.turnitin.com.

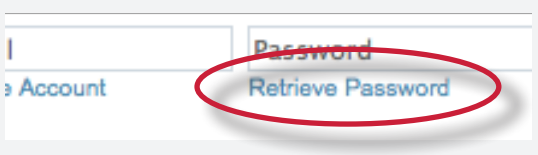

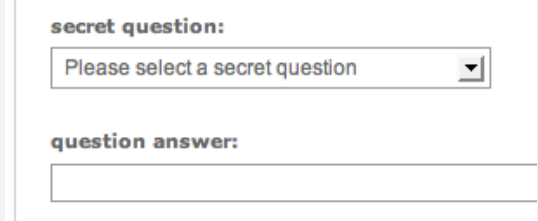

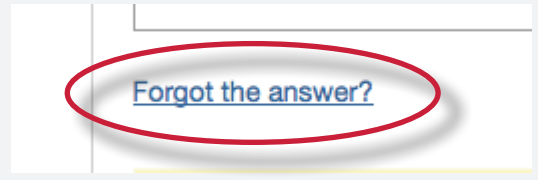

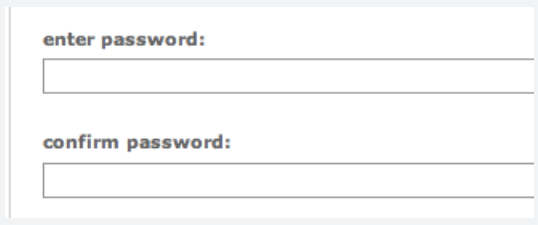

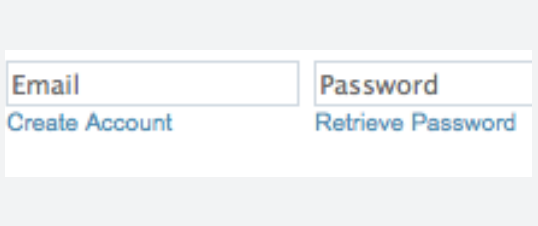

If you are logging into a profile using a temporary password received via e-mail, you will be required to confirm your user information and set a personal password and secret question/answer information. The password selected will be required to log into the user profile, replacing the temporary password from the e-mail.

| To login to Turnitin: | |
|--|--|
| 1. Go to www.turnitin.com |  |
| 2. At the top right enter the e-mail address and password associated with your Turnitin student user account in the appropriate fields |  |
| 3. Click the <i>Sign In</i> button to log into the student homepage |  |

Resetting Your Password

If a Turnitin user password is forgotten or the initial user welcome e-mail is not received, the password can be reset via secret question or e-mail. To reset a password via e-mail, your user information must contain a valid e-mail address. Turnitin cannot send password reset information to any other e-mail.

| E-mail password reset: | |
