Graduate Student Enrolled in Undergraduate Class for Graduate Credit

Instructional Justification

Student’s Name ____________________________ Social Security Number ____________________________ Semester __________ Year __________

Course: ________________

Prefix __________ Number __________ Section No. __________ Title ________________

It is appropriate to award graduate credit to graduate students enrolled in undergraduate courses only when criteria are clearly established to justify quantitative and qualitative differences in the level of instruction for the graduate student. The request will not be approved without this justification. The request and justification should be approved prior to registration in the course. Retroactive credit will not be awarded.

Please attach to this sheet your responses to the following questions:

A. Qualitative Differences
   Explain what the student will do in the course that shows greater depth and/or breadth of study beyond the work required by the undergraduates. Please use specific objectives when possible.

B. Quantitative Differences
   Describe the extra amount of work required of the graduate student beyond the amount required of the undergraduate. Be as specific as possible.
