

# Texas A&M University-Texarkana Graduation Application Status

A students' graduation eligibility is evaluated by the Registrar's Office once a student applies to graduate. Students can check the status of their graduation application online through Web for Students or DegreeWorks (must log into Web for Students).

All communication related to your graduation application will be sent to your **ACE** email account.

A students' graduation status is **subject to change** due to changes in registration or enrollment for the current or subsequent semester(s).

**Please be aware that the following actions can prevent graduation:**

- Dropping or withdrawing from courses
- Failing a course
- Not satisfying requirements as listed in the DegreeWorks audit
- Not meeting the required GPA requirements
- Outstanding financial obligation with the university (ex: tuition & fees not paid, parking fines, library fines, etc.)

*Completion of a degree program is the student's responsibility. The student's lack of knowledge or misinterpreting policies and regulations does not clear them from completing all degree requirements. Students who fail to graduate during the semester they have applied must complete a new application form for the semester the degree will be completed.*
